Profile

I'm a front-end developer with 15+ years of experience who cares about how things feel as much as how they function. With a background in both UI and UX and a collaborative mindset, I enjoy working with teams, solving problems, and creating a positive environment while delivering high-quality work.

Education

- 1996 **Bemidji State University**
—
Bachelor of Science - Communications

Desire to learn
Meeting deadlines

Employment

- 2011 **Front-End Developer**
— **HealthPartners, Bloomington, MN**
- 2016 Developed and implemented responsive web interfaces using HTML, CSS, and JavaScript. Maintained brand consistency through scalable style guides, front-end frameworks, and automated build systems.
- 2016 **Front-End Developer**
— **Horizontal Integration, St. Louis Park, MN**
- 2018 Delivered front-end assets using HTML, CSS, and JavaScript for clients within a digital agency environment. Collaborated closely with back-end developers to integrate client-side code with the Sitecore CMS platform. Contributed to projects for clients including Aspen Dental and Fisher Investments.
- 2018 **UX Senior Engineer**
— **UnitedHealth Group, Minnetonka, MN**
now
- Contributed to the design and development of a scalable design library that improved consistency and usability across applications while streamlining the development experience for teams. Worked on both internal tools and public-facing applications, including the authenticated member experience, helping deliver accessible, responsive, and user-focused interfaces.
